### ASE Foundation Breaks Fundraising Records at the 2015 Scientific Sessions!

By Tom Ryan, MD, FASE  
2015-2016 Annual Appeal Committee Chair

Foundation donors: you are the heart of ASEF! This year at the ASE Scientific Sessions in Boston, you raised over \$90,000 to support the 2015 Annual Appeal. By visiting us at the Foundation Booth, you made direct donations of over \$9,500 for echo. At the 6th Annual Research Awards Gala, your generosity provided echo research with over \$65,000, and participants in the Heeling Hearts Scavenger Hunt raised over \$16,000 for student and fellow travel grants and scholarships. Thank you so much for your support. Whether you bought an ASEF wristband, donned your "I Donated!" sticker or ASEF supporter ribbons, participated in the Heeling Hearts Scavenger Hunt & After-Party, or attended the 6th Annual Research Awards Gala while at the Sessions, your support gives ASEF the means to standardize and enhance cardiac-ultrasound around the world.

For those of you who didn't attend the Gala this year, we had a wonderful event, honoring luminaries from the association and raising needed funds for research. A large portion of these proceeds were donated by our terrific table captains. These individuals provided leadership by generously giving to support the event. Up from only two captains in 2014, the Foundation had 11 Research Awards Gala Table Captains in 2015! The Foundation has recognized its Gala Table Captains on page 5, where their photos and institutions are listed. We hope that you will join us in Seattle for ASE 2016, where our 7th Annual Research Awards Gala will take place! If you're interested in learning more about becoming a Table Captain, please contact [madilday@asecho.org](mailto:madilday@asecho.org).

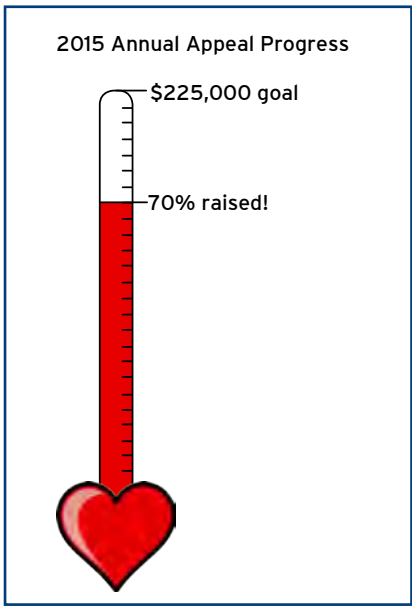

The Foundation's Annual Appeal Committee is proud to announce that three new volunteers have joined the team: Merri Bremer, RN, RDCS, FASE from the Mayo Clinic, Ben Byrd, III, MD, FASE from the Vanderbilt University Medical Center, and Georgeanne Lammertin, MBA, RCS, RDCS, FASE from the University of Utah Healthcare Center. Welcome and thank you for joining our effort to fundraise for echocardiography!

I also want to take this time to thank the Foundation's generous supporters, Lantheus Medical Imaging, Inc. and Siemens Healthcare, who sponsored the Heeling Hearts Scavenger Hunt and After-Party. Their sponsorship ensured that 100% of event proceeds will be utilized for the provision of scholarships and travel grants to sonographers and fellows.

Thank you also to Elsevier, who sponsored two travel grants for research presenters at the Sessions. I would also like to express my gratitude to the National Board of Echocardiography, who provided the photo-booth for the Research Awards Gala, and to TomTec Imaging Systems, an ongoing supporter of the Foundation's endeavor to provide travel grants to researchers.

We are about halfway through this year's Annual Appeal; our overall goal is \$225,000 and we've raised 70% thus far. We were really successful in Boston but the fundraising effort can't stop, we need your continued support to help us reach our Annual Appeal goal.

Thank you for your support, everyone!

# ASE Foundation Updates

## A Sneak Peek at the 2015 Missions

This August, the ASE Foundation will host two humanitarian, research, and training events. Volunteer teams will travel to Northern Argentina and Northern Vietnam to provide direct patient services alongside local clinicians. Learn more about these volunteers and how their efforts will make an impact at [www.asefoundation.org/argentina](http://www.asefoundation.org/argentina) and [www.asefoundation.org/vietnam](http://www.asefoundation.org/vietnam). ■

## ASEF is Fostering the Next Generation...

This spring, we awarded over \$90,000 to support 62 students and young investigators!

As a result of these training grants and travel stipends, recipients benefit from the ability to attend educational conferences; receive constructive feedback and advice from global leaders in the field; and meet others who share similar practice and research interests, fostering future collaborative work. ■

**With your help, we have reached  
70% of our \$225,000 Annual  
Appeal goal!**

## Mission Statement:

The ASE Foundation provides support for education, research, quality improvement and professionalism for ASE members and the larger community of health care providers, and patients for whom cardiovascular ultrasound is essential.

As a 501 (c) (3) non-profit organization, contributions made to the ASE Foundation are tax deductible to the fullest extent of the law.

2015 ANNUAL APPEAL  
Making a **WORLD**  
of Difference

# Revolutionizing Research at the Foundation's 6<sup>th</sup> Annual Research Awards Gala

The ASE Foundation was excited to host its annual Research Awards Gala in a revolutionary city and with the support of extraordinary attendees. We had our largest event ever, with over 350 people in attendance. **Because of your invaluable support, the ASE Foundation raised over \$65,000 from the 6<sup>th</sup> Annual Research Awards Gala.** Your participation will directly provide researchers with much needed funds to continue the growth and advancement of our field.

The Gala featured wonderful, heart-felt tributes to ASE's award winners, along with after dinner dancing and a photo booth for fun. The Foundation thanks the National Board of Echocardiography for sponsoring the Research Awards Gala's photo booth.

**At the event we honored ASE's 2015 award winners, which included:**

**Physician Lifetime Achievement Award**

Steven A. Goldstein, MD, FASE  
MedStar Washington Hospital Center,  
Washington, DC

**Sonographer Lifetime Achievement Award**

Margaret "Peg" Knoll, RCS, RDCS, FASE  
University of California - Irvine Health,  
Orange, CA

**Meritorious Service Award**

Roberto M. Lang, MD, FASE  
University of Chicago Medical Center,  
Chicago, IL

**Richard Popp Excellence in Teaching Award**

Marielle Scherrer-Crosbie, MD, PhD, FASE  
Massachusetts General Hospital, Boston, MA

**Outstanding Achievement in Perioperative Echocardiography Award**

Michael K. Cahalan, MD  
University of Utah Health Care,  
Salt Lake City, UT

**Council on Pediatric and Congenital Heart Disease Founder's Award**

Hugh D. Allen, MD  
Texas Children's Hospital, Baylor College  
of Medicine, Houston, TX

# The Foundation's Healing Hearts Scavenger Hunt and After-Party Fundraising Event

The Healing Hearts Scavenger Hunt took place on Sunday, June 14 in historic downtown Boston. Fourteen teams of scavenger hunters explored Boston by foot, completing quests and answering trivia questions along the route. The hunt ended at a local landmark, Dillon's Restaurant and Bar, where teams toasted their success and had the opportunity to show off their creativity with original team poems!

Thanks to the generous support of our sponsors, **Lantheus Medical Imaging, Inc.** and **Siemens Healthcare**, more than \$16,000 was raised to support future travel grants and scholarships for sonographers and fellows. Thank you for making this unique and enjoyable event so successful!

Winning Team! Boston TEE Party - SIEMENS Revolution #1

## Check out some of the teams' creative poems!

### Team Hearts with Hope

Our team is Hearts with Hope  
We're wound together like a rope  
Through thick and thin  
We hope to win  
If not, we'll have to cope

### Team Better Bubbles

Today we head out  
Through Boston and about  
Looking for special sites  
Made for a fun night  
Now we are back at Dillon's  
Wishing we were the age of children  
Finished most of our tasks  
What else we did don't ask  
If you hear a faint echo  
Please send help and some prosecco

### Team Inside Echo

We thought we were on a Scavenger Hunt  
But we ended up in a bar  
We travelled the streets of Boston  
We didn't know it would be so far  
Boston is the best city in the nation  
To raise money for the ASE Foundation

# Travel Grant and Scholarship Recipients: ASEF's Support Makes a World of Difference

The ASE Foundation offers numerous travel grants and scholarships each year to support educational training and travel stipends for attendance at ASE's Annual Scientific Sessions. **This spring, we awarded over \$90,000 to 62 students and young investigators!**

As a result of these grants, recipients benefit from the ability to attend educational conferences; receive constructive feedback and advice from global leaders in the field; and meet others who share similar practice and research interests, fostering future collaborative work. By investing in the next generation of cardiovascular ultrasound professionals, the ASE Foundation is ensuring that echocardiography continues to play a prominent role in the future of healthcare.

## 2015 Arthur E. Weyman Young Investigator's Award Competition

**2015 Arthur E. Weyman Young Investigator's Award Competition judges and finalists** (left to right): abstract chair Richard Grimm, DO, FASE; abstract co-chair Geoffrey Rose, MD, FASE; finalist Yuka Yamamoto, MD; winner Sukrit Narula, BA; finalists Sanjeev Bhavnani, MD and Bruno Garcia Tavares, MD; judges Arthur Weyman MD, FASE; Theodore Abraham, MD, FASE; Paul Grayburn, MD; Satoshi Nakatani, MD, PhD; Gilbert Habib, MD; and Vera Rigolin, MD, FASE.

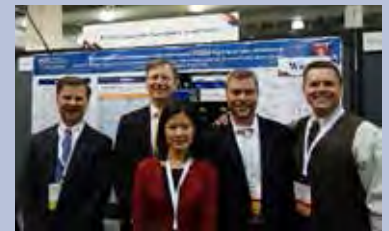

**Winner of the 2015 Competition, Sukrit Narula, BA, from the Icahn School of Medicine at Mount Sinai, New York, NY celebrates with** (left to right) Dr. Geoffrey Rose, Dr. Richard Grimm, and competition namesake Dr. Arthur Weyman.

## 2015 Sonographer Investigator's Award Competition

**2015 Sonographer Investigator's Award Competition judges and finalists** (left to right): abstract chair Richard Grimm, DO, FASE; finalist Eric Kruse, RDCS, RVT; judge Brad Roberts, RCS, FASE; winner Lanqi Hua, RDCS, FASE; finalist Megan Yamat, RDCS, FASE; abstract co-chair Geoffrey Rose, MD, FASE; finalist Amanda Dillon, RDCS; and judge Todd Belcik, RCS, RDCS, FASE.

**Winner Lanqi Hua, RDCS, FASE, from Massachusetts General Hospital in Boston celebrates with** (left to right) Dr. Richard Grimm, Dr. Geoffrey Rose, Todd Belcik, and Brad Roberts.

## TomTec Innovator Research Travel Grant

Left to right: ASEF Annual Appeal Committee Chair Tom Ryan, MD, FASE; recipient Diego Medvedofsky, MD from the University of Chicago; and Bernhard Mumm, President, TomTec Imaging Systems.

In addition to the prestigious awards mentioned above, UltraEcho, Ltd. provided funding for one sonographer student travel grant, the Feigenbaum Sonographer Student Travel Grant provided funding to one sonographer student, and the ASE Councils gave out eight travel grants.

# Travel Grant and Scholarship Recipients: ASEF's Support Makes a World of Difference

Continued from page 8

"I am extremely thankful for having been awarded an abstract presenter travel grant from the ASE Foundation. The Scientific Sessions were a wonderful opportunity to learn about innovative techniques to incorporate into my institution's echo lab as well as cutting-edge research being performed across the world. I was also fortunate to be able to present my own research poster and receive helpful feedback from several other investigators."

**- Andrew L. Cheng, MD | Children's Hospital Los Angeles, Los Angeles, CA**

"Receiving this scholarship provided me the opportunity to attend the 26th Annual ASE scientific sessions. Attending the various sessions broadened my knowledge of the field of echocardiography. Being able to meet others in this field and seeing what is yet to come was inspiring. I was honored to be a recipient of the Waggoner scholarship and am grateful it has reinforced that I chose a promising and fruitful field to be a part of."

**- Hoa Gip | University of Arkansas for Medical Sciences, DMS Program, Little Rock, AR**

"I would like to thank the ASE Foundation for this wonderful opportunity. For a young researcher, especially from overseas, this travel grant represents remarkable support to attend the most valuable scientific and educational sessions in the field of echocardiography. Presentations by the current leading personalities and also by true legends make this meeting more special."

**- Attila Kovács, MD | Semmelweis University Heart and Vascular Center, Budapest, Hungary**

"I am honored to be a recipient of the 2015 Alan D. Waggoner Sonographer Student Scholarship Awards. This opportunity will allow me to finish paying for my tuition at the Johns Hopkins Hospital School of Cardiac Sonography Echocardiography Program."

**- Madeline Schiminger | Johns Hopkins Hospital Echocardiography Program, Baltimore, MD**

Continued on page 10

# Travel Grant and Scholarship Recipients: ASEF's Support Makes a World of Difference

Continued from page 9

The ASE foundation is so grateful for its travel grant and scholarship supporters. Thank you to the National Board of Echocardiography (NBE) for providing funding for the annual Arthur E. Weyman Young Investigator's Award Competition; TomTec Imaging Systems for its annual support of the TomTec Innovator Research Travel Grant; and Elsevier for sponsoring two abstract presenter travel grants this year.

## Alan D. Waggoner Student Scholarship Awards

**Cristy Murray**

South Hills School of Business & Technology, DMS Program, State College, PA

"I cannot describe how much it meant to me to win the Alan D. Waggoner Sonographer Student Scholarship Award. It is an honor to be selected as a recipient and I truly appreciated the opportunity to go to the ASE Scientific Sessions in Boston, MA. The chance to learn from talented professionals from across the world was an eye opening experience for me, and it gave me an appreciation of just how amazing this field of work is. I know that the information and knowledge I obtained from the ASE Scientific Sessions will help me better serve my future patients. [Also], the money from this scholarship went a long way towards helping me afford school and lessen the financial stress I was facing. I hope to be able to use the connections and information that I received through this scholarship to help make a difference in the world of echocardiography."

**Steven Kiyokawa**

Bellevue College, DMS Program, Bellevue, WA

"I left the 2015 ASE Scientific Sessions in Boston with experiences I will not soon forget. A five day blur of incredible case presentations, well designed and delivered educational lectures, and passionate speakers highlighted the conference. For me, it was much more than just an opportunity to bolster my education with each session. This was a chance of a lifetime to become immersed in the career I am passionate about."

**Genevieve Hammett**

Clemson University, CVT Program, Greenville, SC

"I am very honored to have been chosen as a recipient of the 2015 Alan D. Waggoner Sonographer Student Scholarship Awards. This scholarship is the gateway to the next chapter of my educational career."

**Michelly O'Malley**

University of Maryland Baltimore County, DMS Program, Baltimore, MD

"It was an amazing experience to be part of the ASE 26th Annual Scientific Sessions in Boston. It is rewarding to be part of a professional organization that not only recognizes physicians, cardiovascular sonographers, nurses, and scientists involved in echocardiography but recognizes students as well. Receiving the Alan D. Waggoner Student Scholarship Award has not only given me pride in the work that I have done, but it has also given me the motivation to do well in the future because my hard work is being acknowledged. Not to mention that by attending the Scientific Sessions, learning from experts in the echocardiography field and building up a professional network will definitely help me to stand out from other soon-to-be Cardiac Sonographers. By being an ASE member I do hope to contribute for the success of future students as well."

## Abstract Presenter Travel Grant Recipients Share Their Stories

**Amir Hodzic, MD**

University of Montreal Hospital Center, Montreal, Quebec, Canada

"I would like to express my sincere thanks for helping to support my travel to the 26th Annual ASE Scientific Sessions in Boston. I was pleased to present my research work focused on the development of a new ultrasound technique based on non-invasive assessment of intraventricular pressure gradients, and to receive interesting feedback to further my study. The high level of scientific sessions allowed me to extend my knowledge of adult and pediatric cardiovascular ultrasound, and to meet world experts."

Continued on page 11

# Travel Grant and Scholarship Recipients: ASEF's Support Makes a World of Difference

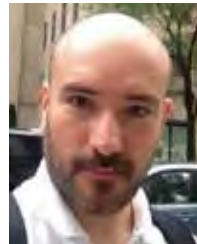

Continued from page 10

**Joyce Johnson, MD, MS**

Ann & Robert H. Lurie Children's Hospital of Chicago, Chicago, IL

"Receiving the ASE Foundation travel grant was a great honor and allowed me to attend the ASE Scientific Sessions in Boston to present my research. I learned a great deal in the education sessions regarding current echocardiographic practices for specific lesions such as Transposition of the Great Arteries and coronary anomalies. I was able to network with leaders in the field of pediatric echocardiography, and begin relationships that will lead to ongoing research and professional collaboration. Attending the ASE Scientific Sessions made these educational opportunities and collaborative relationships possible and will subsequently allow me to continue to grow and develop in the field of pediatric echocardiography."

**Ricardo Fonseca, MBBS, MHA**

Menzies Institute for Medical Research, University of Tasmania, Hobart, Tasmania, Australia

"I would like to express my most sincere gratitude to the American Society of Echocardiography for helping me to fund part of my trip to attend the 26th Annual Scientific Sessions ASE 2015 in Boston, MA. As a PhD candidate, investigating the appropriate use of cardiac imaging, this conference was not only a great opportunity to look at what was happening in a quickly evolving field, but it was the best occasion to present my research. I had the unique opportunity to meet the most influential doctors and researchers in my field and to have a chat with them. This was, probably, the most exciting part of my trip: exchanging perspectives and ideas, leading to a wider understanding about my research. I was given very helpful feedback about the current research and several great ideas about future directions in which to take my work. This feedback helped me to identify a variety of future studies that had not been considered yet. I hope the Foundation continues to support researchers with these types of grants in the future...the opportunity to interact with more people who are interested in our topics improves the quality of our research and helps us find answers to our innumerable questions." ■

## Save the Date!

**What:**

7th Annual Research Awards Gala

**Where:**

Seattle, WA

**When:**

Saturday, June 11, 2016

**Why:**

Help the ASE Foundation raise critical funding for echocardiography research!

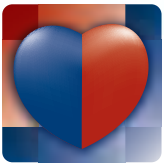

# The Foundation Recognizes the Hard Work of Annual Appeal Committee Members and 2014's Most Generous Donor

**Thank you, Foundation volunteers and donors!**

The ASE Foundation is so thankful to have dedicated volunteers and annually recognizes outstanding work being done on the Annual Appeal Committee. ASEF is also grateful for the support and generosity of donors such as Dr. Jose Banchs, 2014's Most Generous Donor (far left). Bharat Patel was recognized as the Top Sonographer Solicitor for the 2014 Annual Appeal (middle left), Maryellen Orsinelli for being the Top Solicitor of Donors for the 2014 Annual Appeal (middle right), and Dr. Thomas Ryan as the Top Physician Solicitor for the 2014 Annual Appeal.
