OPTISON™
(Perflutren Protein-Type A Microspheres
Injectable Suspension, USP)

**WARNING: SERIOUS
CARDIOPULMONARY REACTIONS**
Serious cardiopulmonary reactions,
including fatalities, have occurred
uncommonly during or following
perflutren-containing microsphere
administration. Most serious
reactions occur within 30 minutes of
administration.

- Assess all patients for the presence
of any condition that precludes
OPTISON administration
- Always have resuscitation
equipment and trained personnel
readily available.

Please see the Full Prescribing Information
for Optison at tinyurl.com/OptisonPI, for
additional important safety information.

Your Donations In Action

The Foundation’s global health outreach events program brings adult and pediatric cardiac care to areas in need, teaching local clinicians and providing direct patient services to at-risk communities. We are excited to return to hosting in-person events again and have a team traveling to Vietnam later this month. Your donations not only support the event, but they also provide funding for two travel grants that support volunteers participating in an ASE Foundation event for the first time:

The inaugural **Gregory Tatum Global Health Travel Grant** has been awarded to **Jennifer Hake, RDMS, RDMS, RVT, FASE**, of Seattle Children’s Hospital in Tacoma, WA. This new ASEF travel grant was created in memory of ASE member **Gregory H. Tatum, MD, FASE**, who we lost to cancer in 2022. This \$1,500 travel grant will be given annually to a cardiologist or sonographer working in

pediatric and congenital heart disease who is participating in an ASE Foundation global health outreach event for the first time. Greg had a passion for global health work, and we hope this grant will encourage and support others to follow in his footsteps.

The **2023 Adams Global Service Award** has been awarded to **Danielle Gravlin, RDMS** from the University of Michigan, C.S. Mott Children’s Hospital, Ann Arbor, MI. This \$1,500 travel grant is given annually to a sonographer volunteer who is participating in an ASE Foundation global health outreach event for the first time. It was established in honor of **David B. Adams, ACS, RCS, RDMS, FASE**, as

recognition of his numerous contributions to the success of the Foundation’s global health program through his international outreach experience, clinical skills, and leadership abilities.

Please join us in congratulating both Jennifer and Danielle and wishing them and their fellow team members safe travels!

Espresso Yourself and Donate to ASEF for Coffee Day

The fundraiser you have come to know and love is back this month! Mark your calendar for the last week of September and “buy us a cup of coffee” by donating what you normally spend on coffee to the ASE Foundation. We set a goal to raise \$5,000 between September 25 – October 1. Share a cup of joe with ASEF! After you donate, let us know on social media. Tag [@ASE360](#) with a picture of your coffee, or better yet, a coffee selfie, using [#ASEFoundation](#) [#GaveACup](#). *Thanks a latte* for your contribution to our 2023 Annual Appeal!

Interested in making an early pledge to help us wake up other donations? Contact Sophie Pumphrey at SPumphrey@ASEcho.org.

ASE 2023 Dues Renewal

Keep an eye out for your ASE Membership dues renewal in your email inbox. The invoice includes a suggested donation to the ASE Foundation Annual Appeal. We encourage you to accept this donation when renewing your membership. If every member donated \$20, we would raise almost \$300,000!

It's never too early to start thinking about your 2024 charitable contributions. Learn about the numerous ways you can give to the ASE Foundation [here](#).
