Please join us in congratulating this year's Top Investigators and the Alan S. Pearlman Research Award Winner!

The presentation of original research is an integral component of ASE's Annual Scientific Sessions. Each year, a special group of investigators are selected as the ASE Foundation's Top Investigators. Through grant and donor support made to ASEF's 2019 Annual Appeal, the Foundation is assisting **twenty** early career researchers to present their abstracts during this year's Scientific Sessions. To ensure that the Foundation continues to foster the next generation of cardiovascular ultrasound professionals, [donate](#) to the 2020 Annual Appeal today!
