Coffee Day 2021

National Coffee Day is September 29 and ASEF is hosting its 3rd annual '[Donate A Cup](#)' fundraiser to celebrate! We set a goal to raise \$5,000 between September 26 – October 2. Plan to join us all week long and [donate](#) what you would normally spend on a cup of coffee. Once you have donated, don't forget to share your contribution on social media. Tag [@ASE360](#) with a picture of your cup of coffee using [#ASEFoundation](#) [#GaveACup](#). We want to see your coffee selfies and cheers you for your contribution to the Annual Appeal. Interested in making an early pledge to help us wake up other donations? Contact Mary Carmody at MCarmody@ASEcho.org.

Global Health Collaboration at the Asian Society of Cardiovascular Imaging Congress

The Foundation was proud to virtually participate in the 14th ASCI Congress, August 19-21 in Vietnam. Under the coordination of **James Kirkpatrick, MD, FASE** and **Hoai Nguyen, MD, PhD**, ASE volunteers shared their scanning expertise with cardiovascular ultrasound clinicians during a virtual training village, and also presented a joint session focused on the future of valve imaging, innovation in risk assessment, congenital heart disease, and more. The meeting was completely virtual, which allowed our volunteers to reach an international audience of over 1,000 attendees without the need to travel. Our Foundation sessions are also being translated into Vietnamese and will be made available as part of the congress's on-demand content, further expanding our outreach.

Special thanks to all of our ASE volunteers for their time and contribution to the program: chairs **James Kirkpatrick, MD, FASE** and **Hoai Nguyen, MD, PhD**; and speakers: **Jose Banchs, MD, FASE**; **Keith Collins, MS, RDCS, FASE**; **Ashlee Davis, BS, ACS, RDCS, FASE**; **Michelle Fujioka, RDMS, RDCS, FASE**; **Carol Kraft, BS, RDCS, RDMS**; **Eric Kruse, BS, ACS, RDCS, RVT, FASE**; **Wyman Lai, MD, MPH, MBA, FASE**; **Roberto Lang, MD, FASE**; **Stephen Little, MD, FASE**; **Pravin Patil, MD, FASE**; **Vera Rigolin, MD, FASE**; and **Becky Schwaegler, BS, RDMS, RDCS (AE,PE), FASE**.
