

Happy Holidays from the ASE Foundation

Featured News

What a GivingTuesday 2021!

The ASE Foundation recently participated in the global generosity movement **GivingTuesday** for the ninth year in a row. We set a goal to raise \$30,000 between November 28 and December 4, but our amazing donors surpassed that by contributing a grand total of **\$35,529**. A record breaking **294 donors** gave toward this goal, making this our most successful GivingTuesday campaign in both total raised and overall donor participation ever. Special thanks to our early pledge donors, the **National Board of Echocardiography** and **Harvey Feigenbaum, MD, FASE**, and to all of the amazing Foundation Annual Appeal Committee members, Board of Directors, and donors who contributed.

Thanks to our community's generosity and collaborative spirit, we are *so close* to our \$200,000 Annual Appeal Goal. As of December 13, we have raised **\$192,810 (96% to goal)**. If you haven't had a chance to contribute to the Annual Appeal yet, there's still time before December 31. Will your gift be the one that helps us reach our goal? Announcements

ASE 2022 Dues Renewal

Your 2022 ASE Membership dues renewal invoice includes a suggested \$20 donation to the ASE Foundation Annual Appeal. If supporting the future of cardiovascular ultrasound is important to you, we encourage you to accept this donation when renewing your ASE membership.

Still Looking for Stocking Stuffers? Don't Forget the Gift of a Charitable Donation

Gift-giving is an integral part of the holidays, but according to a recent Fidelity Charitable survey most Americans would prefer to receive a charitable donation made on their behalf rather than a present. If you're still shopping for last minute gifts, consider making charitable activity a part of your holiday traditions this year with a gift to the ASE Foundation [in honor or in memory of a loved one](#).

Year End Planning Considerations

Does charitable giving factor into your year-end planning for 2021? If so, consider using appreciated (long-term) stock rather than cash when contributing to charities. Gifts of appreciated securities can mean tax savings, while at the same time maximizing your charitable deduction. [Learn about the numerous ways you can give to the ASE Foundation here](#).
