Hearts All Around Us Photo Exhibit

On display at the ASEF Booth in the Seattle Convention Center was our beautiful *Hearts All Around Us* photo exhibit. We also had a collection of images from prior years' exhibits, and all were available to take home with a donation in the name of the photographer. The photo exhibit earned the Foundation **\$600** in donations thanks to a few photograph admirers. Four of the photos from this year's collection, plus two from previous years have found new homes.
