### ¡Gracias, Team Argentina!

ASEF volunteers recently returned from a global health event in Argentina that united scientific societies, countries, and communities. This event was dedicated to the memory of **Dr. Roberto Lang**, who passed last year. A native of Argentina, Dr. Lang was internationally renowned and a true champion of global collaboration and education. In his honor, the team hosted the symposium “Dr. Roberto Lang: A Legacy That Unites Us,” bringing together colleagues, friends, and family in Buenos Aires. They then traveled to Northern Argentina for a cardiovascular campaign in Charata, Chaco, where over 1,200 people from a large underserved rural community were evaluated for Chagas heart disease.

Thank you to our amazing team, led by **Dr. Federico Asch**, **Dr. Eduardo Filipini**, **Dr. Aldo Prado**, and **Dr. Jorge De All**, and to our Partners in Care: the **Federación Argentina de Cardiología (FAC)**, the **Sociedad Argentina de Cardiología (SAC)**, **Cuerpo & Alma**, **Wiener Labs**, and **Philips**. Stay tuned for future updates and reports from the team on the ASEF [website](#) and in ASE’s [Echo magazine](#).
